1X SUMMERLEAGUE CHAMPION

DAVID ALONSO

ELITE ACADEMY BELGIUM

DEAR COACH

My name is David Alonso , I am a 2022 grad from Antwerp, Belgium.

I have enjoyed looking into your team this year. The (INSERT TEAM NAME) have a really enjoyable style of play. Give one item of team background.

I am emailing to let you know I am very interested in attending (insert school name) and studying (insert what you want to study).

This year I'm following Social Technical Science. The course teaches you how people function in society. You learn to organize social activities adapted to different target groups and contexts. You will also learn how to provide material support. The technical aspect is expressed in the practice of nutrition based on scientific insights

I come from a European and African family. My father is from Spain and my mother is from Nigeria. I speak a few languages such as Dutch, French(decent), Spanish, and English. My parents raised me in Malaga, Spain until I was 6 then we moved here to Belgium with my two brothers (Kevin, 21) (Angel,15). I have been living with my mom since then and my stepdad. In 2015 my mom passed away, so I kept living in Belgium with my stepdad, and every summer I went to visit my biological dad in Spain. Now recently my father passed away in 2020 which left me with no biological parents, After some time I got kicked out of my stepdad's house and I have been living by myself since then.

Finish with one liner outlining why you want to play for this coach and their school.

I look forward to you reviewing my player package, and links to my highlight tapes, and game film.
