DEAR COACH

My name is Sayo Sheriff, I am a 2022 grad from Antwerp, Belgium.

I have enjoyed looking into your team this year. The (INSERT TEAM NAME) have a really enjoyable style of play. Give one item of team background.

I am emailing to let you know I am very interested in attending (insert school name) and studying (insert what you want to study).

This year I'm following Economics-Mathematics. In this course you learn everything about the economy and about how people spend their money etc.

In addition to being interested in economics, I'm also interested in mathematics and science. I am also learning to meditate. because I have seen how great the effect it can have on my inner peace.

I come from a Belgium/African family. My parents are from Belgium and Liberia. I speak few languages such as Dutch, French and English. My parents raised me in Antwerp, Belgium with my two brothers (Mahmadi, 7) (Noah, 19) and sister (Mayama 4). I live in a very stable environment. And I get all the help I need.

Finish with one liner outlining why you want to play for this coach and their school.

I look forward to you reviewing my player package, and links to my highlight tapes, and game film.
