DEACON ALEXANDER REY

ELITE ACADEMY BELGIUM

DEAR COACH BRIGHTMAN,

My name is Deacon Rey , I will be a 2022 grad from Antwerp, Belgium.

I have enjoyed looking into your team this year. The (INSERT TEAM NAME) have a really enjoyable style of play. Give one item of team background.

I am emailing to let you know I am very interested in attending (insert school name) and studying (insert what you want to study).

This year my major is social and technical sciences. In this subject, I learn a lot about the human brain and the science behind it. Last year I did something similar. Except it was more of a theoretical course and I'm more of a 'put my thoughts into action' kind of person. That's why I'm hoping that my educational career can head that way.

I come from an international family. My dad is Belgian and my mom was born and raised in Chicago, Illinois. Therefore my English is really good and thanks to school I also picked up French and a little German. I also have a brother, Dylan, who is 28 years old.

Finish with one liner outlining why you want to play for this coach and their school.

I look forward to you reviewing my player package, and links to my highlight tapes, and game film.
